certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part * of the * Regulations.

Original Product—Type Certificate Number: *See Federal Aviation Administration (FAA) Approved Model List (AML) SH4716NM for list of approved models and applicable airworthiness regulations

Make:
Model:

Description of the Type Design Change: Redesign and relocation of cargo door hinges and relocation of cargo door latch in accordance with Geneva Aviation Master Drawing List GA101, Revision C, dated January 20, 1996, or later FAA-approved revision.

Limitations and Conditions: Approval of this change in type design applies to the rotorcraft listed on AML SH4716NM only. This approval should not be extended to other rotorcraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other changes in type design, will introduce no adverse effect upon the airworthiness of that rotorcraft. A copy of this certificate, the AML, and the MDL must be maintained as part of the permanent records for the modified rotorcraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
